Harlem Ambassadors

Dear Andria,

I want to thank you for all of your help in having the Ambassadors come to our city of Brookings, Oregon.

The game was a smashing success with a standing room only audience. Your team gave a very wholesome, exciting, and amusing show for our community to watch. It was a family-friendly show that was appreciated by all that attended. The children that were made part of the show was a nice touch of including them into the action.

Your guide of how to have a successful event was more than helpful. The step by step planning was especially good for me to follow.

It was especially fun to watch our local players play the game. Some were VIPs in our community - they seemed to have a lot of fun playing the game.

I am going to suggest to our board that possibly we might make this an annual event for the future as it was a lucrative way to obtain donations and sponsors for our organization.

The post game dinner let our board and some of our players get to know the Ambassadors on a one to one basis, which was interesting to be able to find out more about them as persons. They were very personable and entertaining to talk to.

Again, thank you for a very entertaining show. It is a great way to make money for any organization.

Sincerely,

Darlene Thomas
